The application has been amended as follows: On page 1 of the specification, after the "2002/0094393A1" in line three in the DISCUSSION OF THE RELATED ART section the phrase -- , now US Patent No. 6,682,622, -- has been inserted in order to update the continuity thereof.

2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or fairly suggest an inflatable cushioning material comprising a plurality of diagonal oriented lines extending across the material to form a plurality of diagonal oriented inflatable sleeves having an opening at one end for allowing air entry of air from an air entry passage, at least one discontinuous longitudinal line extending along said air entry passage comprising welded and non-welded sections wherein the length of the welded sections larger than predetermined width of the sleeves in combination with all the other limitations in claim 15. The examiner is relying on the applicant's arguments filed October 22, 2008.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
